Best Practice: Environmental Sustainability

SGGS College takes a big stride in reducing the Carbon Footprint of the region

- Sri Guru Gobind Singh College initiated a novel idea of creating a mini forest on-campus with an objective to promote sustainable environment. This habitation will be a natural air-purifying dense forest with as many as 37 native species of trees. It will help in creating 30 times more oxygen than regular plantation and will be a hub of natural biodiversity. This unique technique of planting has been derived from Japanese Miyawaki technique which stresses on natural restoration of land using native plant species. It is a major step in reducing the Carbon Footprint of the region.

Commemorating 550th Birth Anniversary of Guru Nanak Devji, it has been aptly named 'Guru Nanak Sacred Forest'. 550 native species of trees were planted as a tribute to Guru Nanak Devji's ideology to live in harmony with the environment.

A three day Workshop from April 1-3, 2019 was organised to create the Forest in collaboration with EcoSikh and Afforestt organisations committed to promoting environmental awareness. Students and faculty from various institutes of the region participated hands-on including a visit to Nepli Forest in the vicinity to study the native species of trees. Mr Debendra Dalai, IFS Chief Conservator of Forests & Chief Wildlife Warden, Chandigarh, Dr Dalip Kumar, ASPD RUSA, District Forest Officers of Punjab, SES Executive members along with participants planted 550 saplings in the Guru Nanak Sacred Forest while Bhai Manpreet Singh Kanpuri rendered Shabd Kirtan from Gurbaani.

On April 23, 2019 the Forest was visited by S Kahan Singh Pannu, IAS Secretary, Agriculture & Soil Conservation & Mission Director, Tandrust Punjab and Commissioner, Food &

Drug Administration and Director, Environment & Climate Change. He highly appreciated the contribution of the College towards regeneration of ecology.

- An eco-green project, Saugaat – Gift a Sapling Scheme, was launched on Jan 23, 2019. This innovative practice was taken up to felicitate the dignitaries visiting the campus and to promote a greener way of life. The herbal saplings are developed in the Botanical Garden of the College.
- In order to reduce the use of plastic on campus, Langar prepared by students and staff of the College was served to the Sangat on green pattals (plates made from leaves) on College Founder's Day. The use of thermocol glasses and plates has been banned in the College Canteen.
- A Botanical Garden which houses the Herbal Garden caters to the research and laboratory work of students from Biotechnology and Botany. An aquatic pond with flora and fauna is a model for study of the ecosystem. A Compost Pit has been created to collect biodegradable solid waste from the mess and canteen including dry leaves to prepare manure. A Workshop on Waste Management and Segregation was organised to promote techniques and strategies to combat waste.
- Treated tertiary water is used on campus for watering the lawns, Botanical Garden and play grounds in order to conserve potable water.

The Colloquium and the Workshop aimed to explore the rich reservoir of the Urdu Poetry of Faiz Ahmad Faiz and ignite the minds of young scholars to the challenging and captivating field of 'Translation Studies'. The event also commemorated 'Maa Boli Diwas' falling on the same day.

This 1 Day Workshop brought together Postgraduate students, Research Scholars and Faculty Members from Department of English and Cultural Studies, PU Chandigarh and almost all colleges of the region - 14 colleges from Chandigarh, Mohali and Panchkula.

S Gurdev Singh Brar, President SES was Chief Guest on the occasion. Principal Dr Jyoti Lamba delivered the Welcome Address and Ms Rita Singh, Head of PG Department of English introduced the resource persons. The Chief Guest and Resource Persons were welcomed with flower saplings as a token of reverence which were prepared in the Botanical Garden of the College.

For Session I, 'Faiz: Zindagi aur Pyaar Ka Shaayar', Col (retd) Jasmer Singh Bala threw light on the social, political and literary life of the legend Faiz Ahmad Faiz with the help of an informative power point presentation. The audience was enthralled by the Urdu recitation of Faiz's poems by Col (retd) Jasmer Singh Bala. A revolutionary Pakistani poet of the twentieth century, Faiz adorned Urdu poetry with his gems like 'A Prison Evening', 'Don't Ask Me for that Love Again', 'We Who Were Executed', 'In Search of Vanished Blood' which are also prescribed in the MA syllabus. The young scholars were exposed to the appreciation of original text in Urdu and the nuances of translated text.

This was followed by Session II, 'Translation: Theory and Practice' by Prof Rana Nayar, a renowned litterateur, academician, theatre personality and the winner of 2007 Sahitya Akademi Indian Literature Golden Jubilee Literary Translation Prize for Poetry. Prof Nayar explained the theoretical and practical aspects of translation in the context of multiculturalism, cultural hybridity and interdisciplinary studies. He shared personal anecdotes of his life as a translator of the eminent Punjabi writers like Gurdial Singh, Raghubir Dhand, Mohan Bhandari and Biba Balwant. To highlight the spirit of 'Maa Boli Diwas', he emphasised the importance of the mother tongue and its crucial role in any creative enterprise. He urged students to value and cherish their mother tongue along with English. He encouraged the scholars to venture into the emerging field of translation studies. Students of MA English of our College recited the Ghazals and Nazms of Faiz and discussed the relevance of his work in contemporary context through power point presentations.

Session III saw an interactive 'Workshop on Translation' where Prof Rana Nayar elaborated on the problems faced in translation due to wide gaps and diversities between different languages and cultures. The translator is faced with the daunting task of doing justice to the original writer and to ensure cultural preservation of his work. Several tasks of translation were given to the
