 - such minimum notice of termination (or pay in lieu thereof, including vacation accrual), severance pay (if applicable), benefit plan continuation (if applicable) and any other

minimum entitlements (including, without limitation, any outstanding salary and vacation pay to the date of termination) required by the ESA.

Unless otherwise agreed to in writing, the termination arrangements set out in this section will remain in full force and effect regardless of any changes to the terms and conditions of your employment, including, without limitation, any promotions, reassignments or increases in remuneration, responsibilities and/or job title.

You acknowledge and agree that this amount includes all amounts payable under applicable Ontario provincial and Canada federal legislation and statutes as applicable from time to time. Any payment made by the Company to you pursuant to this section shall not be deemed an admission that cause for termination does not exist, and the Company shall be entitled to assert such a defence, notwithstanding any such payment.

Please note that the Company maintains a Policy Manual. You are expected to read and become familiar with the Company policies. The Company expects all employees to conduct themselves in a business-like fashion.  Prof. Praveen Kumar, IIT Madras Organizing Chairman, GATE 2023 on behalf of IITB-GATE, IIT Madras			* A candidate is considered qualified if the score is not less than the qualifying marks in the category specified in the category column, if applicable, as indicated using the following table.		
General Information					
The GATE 2023 score is calculated using the formula:					
$\text{GATE Score} = S_0 + (S_1 - S_0) \frac{(M - M_0)}{(M_1 - M_0)}$					
where:					
M is the marks obtained by the candidate in the paper, mentioned in this GATE 2023 scorecard					
M ₀ is the qualifying marks for general category candidates in the paper					
M ₁ is the mean of marks of top 1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of marks scored papers including all answers)					
S ₀ = 100, in the score assigned to M ₀					
S ₁ = 900, in the score assigned to M ₁					
In the GATE 2023 score formula, M ₁ is 25 marks (out of 100) or 1/4, whichever is greater. There is a mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.					
Qualifying in GATE 2023 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.
