<b>Nature of sponsorship (Total grant received if any)</b>	RUSA (Rashtriya Uchcharat Shiksha Abhiyan)
<b>Brief description containing the objectives of activity</b>	Commemorating 75 years of India’s Independence and in keeping with the Best Practice of Heritage and Cultural Preservation. The objective of the activity to acquaint students with their rich culture and heritage by using an ethno musicological approach, the event seeks to build and broaden the inter-cultural connections between genres of art like music, popular culture and the youth. Through myriad tunes that amalgamate the rhythmic pulsation of Sufi music with contemporary pop beats, the Performance aims to transcend boundaries, linguistic barriers and geographical distinction and convey the message of oneness.
<b>Detailed description of the outcomes of activity</b>	The Capacity Building Workshop and Performance by Dr Madan Gopal Singh and his Instrumental Team CHAAR YAAR conveyed the message of Cultural Connection through Sufi music. This event familiarized the youth with oral tradition, which is the backbone of cultural legacy, the event illuminated the audience to music, composers, styles, and theoretical concepts that make up the fundamentals of Sufi and Popular Music. Through this endeavor, the College tried to bridge the gap across milieu and cultures, encouraging diversity and multiculturalism.

<b>Name, designation and brief detail of the Resource Persons (if any)</b>	<p>Dr Ishmeet Kaur Chaudhry Assistant Professor in English, Central University of Gujarat, Gandhinagar</p> <p><i>Dr. Ishmeet Kaur Chaudhry, an educationist, author, and poet teaches at the Centre for English Studies at Central University of Gujarat, Gandhinagar. She was recognised as an Inspired Teacher for The President of India’s In-residence Program at Rashtrapati Bhawan, New Delhi in June 2015. She has been largely interested in areas of Australian and Indian literatures, studies of the margins, women, violence, and trauma. She has also been actively engaged in Comparative Studies and Translations from Punjabi into English and vice-versa. She translated Australian Aboriginal poet Jeanine Leane’s book of poems Dark Secrets: After Dreaming (AD) 1887-1961 from English into Panjabi. She is a member of the Global Guru Granth Sahib Translation project initiated through a collaboration of Panjab Digital Library, Chandigarh and Sikh Research Institute, USA. She has number of works to her credit: Her recent work has been on violence studies engaging with discourses on the 1984 anti-Sikh carnage in Delhi. She is an editor of Black November: Writings on Anti-Sikh Massacres of 1984 and the Aftermath (2019); Patrick White: Critical Issues (2014); co-editor of Violence, Subversion and Recovery: Women Writers from the Sub-continent and Around (2019, with Rachel Bari) and the author of Texting the Scripture: Sri Guru Granth Sahib and the Visionary Poetics of Patrick White (2016). Her collection of poems is Forbidden Button and Other Poems (Signorina Publications, 2020) Her most recent book is Life Sketch and Teachings of Guru TeghBahadar Sahib, the ninth Guru of the Sikhs, coauthored with Dr Jaswant Singh. Dr. Chaudhry also engages in conducting talks on women concerns, well-being and mindfulness. She firmly believes that in a world that is full of stress and innumerable pressures, there is an innate energy within people. She engages in discourses on various aspects of spirituality, learnings from Guru Granth Sahib, and real-life memoirs. She has delivered lectures in various institutions and different countries like Taiwan, Singapore, Australia, America, Pakistan, United Kingdom, and Spain.</i></p>

<b>Name of Collaboration/Sponsoring Agency (if any)</b>	-
<b>Nature of sponsorship (Total grant received if any)</b>	-
<b>Brief description containing the objectives of activity</b>	The objective of the activity was to acquaint students with the information the Harmandar Sahib is located in the city of Amritsar, Punjab also known as the Golden Temple. It is one of the holiest sites in Sikhism. It is more than one storied structure. The lower level is built out of marble, the upper level covered in gold panels. Temples were usually built on a square platform. The shrine displays influence of different architectural styles, including the Indo-Islamic Mughal architecture and the Hindu Rajput architecture.
<b>Detailed description of the outcomes of activity</b>	This informative and eye opening online certificate course acquainted students that the main structure of Sri Harmandar Sahib, functionally as well as technically is two Storied and has been built on 67 feet high . Three main style of temple architecture are the Nagrabor the Northern style, Dravida or the Southern style and Vesara or mixed Style.

He has published over 120 research articles in international journals of repute. He has attended University of Salford (2003), London South Bank University (2003) and University of Glasgow (2004, 2010, 2013, 2018) under exchange programme of Indian National Science Academy and Royal Society, United Kingdom. He accomplished a UGC Major Research Project in Wave Propagation in Porothermoelasticity from 2015-2018 and INSA Young Scientist Project during 2005-2008. He has advised around 9 Ph.D. students and 12 MPhil students.</p>
<b>Number of participants [students (male + female) and Faculty]</b>	<p><b>Students: 54</b> (Male - 25, Female – 29)</p> <p><b>Faculty: 12</b> (Male - 8, Female – 4)</p>
<b>Name of Collaboration/Sponsoring Agency (if any)</b>	N.A.
<b>Nature of sponsorship</b>	N.A.
<b>Brief description containing the objectives of activity</b>	The expert lecture on the topic Elasticity and Wave Propagation was organized to commemorate The International Mathematics Day and to apprise the students of various riveting fundamental notions and concepts in the dynamic field of elasticity and wave theory.
<b>Detailed description of the outcomes of activity</b>	The students and faculty gained knowledge about elasticity and wave theory. They comprehended the fundamental notions to initiate an exemplary research and resourceful development in the area. The participants came to know about various applications to real life problems associated with wave dynamics and their formulation into mathematical models at a preliminary level. An interactive question-answer session following the presentation proved to be beneficial since it surfaced some interesting facts related to disaster management and environment conservation.

**ACTIVITY REPORT**  
**(Academic Year: 2022-23)**

<b>Name of the activity</b>	<b>Webinar on “Artificial Intelligence and Chat GPT”</b>
<b>Type of the activity</b>	Webinar
<b>Date</b>	<b>March 11, 2023</b>
<b>Venue</b>	Online via Google Meet ( <a href="https://meet.google.com/sbq-sdbm-vnj">https://meet.google.com/sbq-sdbm-vnj</a> )
<b>Name of the Organizing Departments/Offices/Societies/Clubs</b>	PG Department of Computer Science in collaboration with Prof. Puran Singh Science Society
<b>Name of Coordinators/Convenors</b>	Dr Gurpreet Kaur, Ms Purnima
<b>Name, designation and brief detail of the Resource Persons (if any)</b>	Dr Amandeep Kaur Professor, Department of Computer Science & Technology, Dean, School of Engineering & Technology, Dean, School of Information & Communication Studies, Central University of Punjab
<b>Number of participants [students (male + female) and Faculty]</b>	101 [Students(76 Males +9 Females) and Faculty-16]
<b>Name of Collaboration/Sponsoring Agency (if any)</b>	N.A.
<b>Nature of sponsorship (Total grant received if any)</b>	N.A.
<b>Brief description containing the objectives of activity</b>	The goal of the webinar is to provide a better understanding of the technology, its applications, and its potential impact on society that includes latest developments of Artificial Intelligence research, highlighting real-world use cases and introduction to ChatGPT.
<b>Detailed description of the outcomes of activity</b>	The webinar covered a wide range of topics related to artificial intelligence, natural language processing (NLP), and ChatGPT and provided an overview of AI, its applications, and its impact on society. The resource person explained different types of AI, such as machine learning, deep learning, and neural networks, and how they are used in real-world applications. The webinar introduced ChatGPT, which is an AI-powered language model that can perform a wide range of tasks such as generating text, answering questions, and completing sentences. Participants learnt how ChatGPT works, how it is trained, and how it can be used in various applications. Lastly, the question answer session allowed participants to get a better understanding of these topics and clarify their doubts.

<b>Name of the activity</b>	IPR Awareness Programme
<b>Type of the activity</b>	An online workshop on Intellectual Property Rights (IPRs) and IP Management for Startups
<b>Date</b>	28.02.2023
<b>Venue</b>	SGGS College, Sector 26, Chandigarh
<b>Name of the Organizing Departments/Offices/Societies/Clubs</b>	Institution innovation council Research and Development Cell SGGS Sec,26 Chandigarh
<b>Name of Coordinators/Convenors</b>	Dr Saroj Bala Dr Ashima Mangla
<b>Name, designation and brief detail of the Resource Persons</b>	Ms Anumita Verma , Examiner of Trademarks, Ministry of Commerce and Industry
<b>Number of participants [students (male + female) and Faculty]</b>	Faculty: 56 (Female: 40, Male:16) Students: 127 (Female: 81, Male:46)
<b>Name of Collaboration/Sponsoring Agency (if any)</b>	In collaboration with GoI, Ministry of Commerce and Industry, Department for Promotion of Industry and Internal Trade, Office of the Controller General of Patents, Designs and Trademarks
<b>Nature of sponsorship</b>	-
<b>Brief description containing the objectives of activity</b>	Intellectual Property Rights (IPRs) play a crucial role in today's business environment, particularly for startups. Securing and managing IPRs such as patents, trademarks, copyrights, and trade secrets can have a significant impact on a startup's success and growth. Recognizing the importance of this topic, the IIC and Research and Development Cell of SGGS College collaborated to organize a workshop that would benefit budding entrepreneurs and innovators.
<b>Detailed description of the outcomes of activity</b>	The workshop featured a diverse range of topics, including: Introduction to Intellectual Property Rights: Understanding the basics of patents, trademarks, copyrights, and trade secrets. The importance of IPRs in protecting innovation and creativity. IP Strategy for Startups: Developing an IP strategy aligned with business goals. Identifying and prioritizing valuable intellectual property assets. Patents and Patent Filing: Exploring the patent application process. Tips for drafting patent applications and avoiding common pitfalls. Trademark Protection: Registering and managing trademarks for brand protection. Trademark infringement and enforcement. Copyrights and Trade Secrets: Understanding the scope and benefits of copyrights. Safeguarding trade secrets and confidential information. IP Commercialization and Licensing: Strategies for monetizing intellectual property. Negotiating licensing agreements and partnerships. IPR Enforcement and Litigation: Addressing infringements and legal remedies. Case studies and real world examples. Interactive Workshops and Case Studies: Participants engaged in practical exercises and analyzed case studies to apply their knowledge.

**ACTIVITY ORGANIZED REPORT**

**(Academic Year: 2022-23)**

Name of the activity organised	One day Workshop
Title of the activity	Workshop on Research Paper Writing and ICT Handling
Date of the activity	Feb 20, 2023
Name of the coordinator	Mr Kulwinder Singh (Dean Sciences) Dr Arshdeep Kaur (Co-ordinator, Prof Puran Singh Science Society) Institution Innovation Council
Resource persons	Prof Sarbjeet Singh, Department of Computer Science and Engineering, University Institute of Engineering and Technology, Panjab University, Chandigarh Prof Manmohan Gupta, Professor Emeritus at Panjab University, Chandigarh.
Place of the activity	MP Hall, SGGGS College
Number of Participants (students +staff)	135 (students) + 21 (staff)
Name of the sponsored organisation	Department of Science & Technology & Renewable Energy, Chandigarh Administration vide order No. 426-433 dated 27.06.2022
Nature of sponsorship (Total grant received if any)	Rs 10,000
Objectives of the study	<ul style="list-style-type: none"> <li>● To celebrate National Science Day by organizing an educational event for postgraduate students from different streams.</li> <li>● To provide the students with an opportunity to learn from renowned professors in the fields of computer science and writing.</li> <li>● To educate the students about the importance of research paper writing in academic research and how to write effective research papers.</li> <li>● To help the students to develop their writing skills and improve their academic performance.</li> <li>● To provide the students with valuable insights into the world of research paper writing and its applications in various industries.</li> <li>● To encourage the students to pursue research and innovation in their academic careers.</li> </ul>
The outcome of the activity	This event was a great success, providing postgraduate students with valuable insights and knowledge about research paper writing. The event was well-attended, and the students found the lectures by Prof Sarbjeet Singh and Prof Manmohan Gupta to be engaging and informative. The lectures helped the students learn about recent developments in machine learning and understand the importance of clear and concise writing in academic research and provided useful tips to enhance their writing skills. The workshop was successful in achieving its objectives of educating and encouraging the students to pursue research and innovation in their academic careers.
