There has been a consistent endeavour to live upto the high ideals of the Tenth Guru which are enshrined in the insignia of the College designed by the legendary artist S Sobha Singh, symbolised by the flame of knowledge, power of the pen and spiritual prowess. It is duly emblazoned by the dictum of Sri Guru Gobind Singh Ji,

A Great Legacy

Iconic Sikh National College, Lahore, 1938

The Sikh Educational Society established in 1936 at Lahore ventured into the realm of higher education with the establishment of Sikh National College at Lahore in the year 1937-38. The ideological inputs of eminent educationists like Principal Niranjan Singh and Principal Bawa Harkishan Singh fructified with the socio-political lead given by eminent Sikh leaders like Master Tara Singh, Giani Kartar Singh, S Mangal Singh, which culminated into establishment of the iconic Sikh National College at the historic Sikh Shrine of Buddha ka Awa at Lahore. Tiding over the vicissitudes of the Partition of Punjab, the progressive Sikh leaders re-established the Sikh National College at Qadian, Punjab in the area vacated by the Ahmedias in 1948. It was followed by the establishment of Sikh National College Banga in the year 1953. At present the Sikh Educational Society is playing a pivotal role in imparting education to all sections of society through the educational institutions spread all over the Region. Sri Guru Gobind Singh College, Sector-26, Chandigarh is the Premier Institute of the Higher Education under the stewardship of the Sikh Educational Society.

S Partap Singh Kairon, who shaped the destiny of the Punjab going towards the site to lay the foundation-stone of the college. He is accompanied by Bawa Sarup Singh and S Kapur Singh

Knowledge for the sake of knowledge is good, but knowledge without implementation is futile. We have to study the purpose of life and Guru Gobind Singh has given us a bold and new concept of living. This concept is embodied in his message of noble deeds - ਸੁਭ ਕਰਮਨ

The Pen and the Sword should go side by side. We must be supreme in the use of our pen, without it the sword will rust. There is the need of the Sovereignty of the Soul - the realization of the Supreme within - which is the panacea of all the modern warfare and unrest.

Best Practice: Environmental Sustainability

Environmental sustainability is a key pillar of the UN Sustainable Development Goals, G20, Y20 and B20 agendas, aiming to ensure a healthy planet for current and future generations. Keeping the same goal in mind, the Best Practice of Environmental Sustainability promoted by the College incorporates traditional and modern techniques for the preservation of natural resources and protection of the ecosystem.

- Guru Nanak Sacred Forest - Mini Urban Forest with 49 native species is an excellent example of community-led conservation and the importance of preserving natural habitats. The Mini Forest is in consonance with the National Biodiversity Target 2020 of the Government of India, which stresses the need to spread awareness in the conservation and sustainable use of the vulnerable ecosystem. The College aims to improve the ecosystem by planting native species of trees and creating their seed bank as a viable solution
- The quality of air as per AQI index in the Guru Nanak Sacred Forest is satisfactory as compared to the Chandigarh region due to the dense green cover of the forest that help to combat Carbon Footprint
- An Observation and Research Centre in the forest area facilitates research by the students and faculty, on the potential of native species for Sustainable Development
- Sacred and Healing herbs have been planted in the adjoining area named Balihari Kudrat
- Various Campaigns, Workshops, Nature Trails and events promoting awareness about environmental sustainability are organised in collaboration with several Government Bodies like Punjab Biodiversity Board (PBB), ENVIS Centre,

Department of Environment, Punjab State Council for Science & Technology, Chandigarh Renewal Energy Science & Technology Promotion Society (CREST), Forest & Wildlife Preservation Department and Department of Soil & Water Conservation

- Self Help Groups and Entrepreneurial Ventures of the College put up stalls displaying Bio organic manure, made from the compost in Botanical Garden of the College on different occasions to promote sustainable waste management practices
- BAAZ Bird Watchers' Society, a novel initiative of Guru Nanak Sacred Forest, is established to study, observe and archive information of varieties of birds, especially those particular to the campus and region
- Regular green practices of the College include Tree Plantation by dignitaries and gifting saplings to the distinguished guests
- Annual College Magazine 'Agammi Jyot' 2021-22 was on the theme of Environmental Sustainability

Admission Guidelines

The Curriculum and Credit Framework for Undergraduate Programmes based on the NEP 2020 principles and formulated by University Grants Commission (UGC) is highly student-centric with a flexible choice-based credit system, multidisciplinary approach and multiple entry and exit options. It provides learners with an opportunity to choose courses of their interest in all disciplines. The curriculum aims towards interdisciplinary and holistic education across sciences, social sciences, arts, humanities and sports for conceptual understanding rather than rote learning and for critical thinking to encourage logical decision-making and innovations. The framework emphasises the inclusion of credit-based courses and projects in the areas of community engagement and services, skill-based training and value-based education for the development of humanistic, ethical, Constitutional and universal human values.
